

DECLARATION OF CONFORMITY REACH

DCL001

REV.24

31/03/2026

Under the REACH regulation, BONOMI INDUSTRIES SRL qualifies as a "downstream user" and, in accordance with the regulation, is not subject to pre-registration / registration requirements for the substances used in the production process.

BONOMI INDUSTRIES SRL carries out all the activities required to comply with the applicable provisions of the REACH Regulation; in particular, it communicates with the suppliers to verify that the substances used are pre-recorded / registered by importers and producers.

SVHC Substances:

BONOMI INDUSTRIES SRL declares that in its products there is a presence of the following substance, indicated in the XIV REACH annex updated on February 04th, 2026 in a quantity higher than 0,1% w/w.

Substance	% w/w	CAS/EC	List	Inclusion date
Lead	0,1 ÷ 2,2 Standard valves	CAS: 7439-92-1 / EC: 231-100-4	SVHC	27 June 2018
	0,1 ÷ 0,25 Low lead valves			

This substance does not increase the risk of our products.

Substances subject to authorization:

Chromium trioxide

BONOMI INDUSTRIES SRL does not directly use any substance subject to authorization, however, in the chrome plating treatment our suppliers use chromium trioxide.

With EU Regulation No.348 / 2013, chromium trioxide was included in Annex XIV of the REACH Regulation (substances subject to authorization).

Following a formal request, our supplier obtained authorization REACH/24/43/0 from the European Commission for the use of chromium trioxide.
